

# ***Writing Workshop Music Building Stamina***

*Music Composed and Performed  
By Steve W. Dunn*

For the last year and a half, teachers have been working diligently to provide a quality education, and more importantly to connect and support student's well-being. I want to personally thank you by providing free downloadable music that can be used to help gradually build stamina in writing or reading workshop. Please pass this link to your colleagues with my personal thanks. They can follow me on Facebook, Twitter, or Instagram for updates as more music becomes available. The left hand column provides music that is timed according to the label. On the right hand side, music is timed with minute-by-minute notifications to help kids monitor their stamina. If you click on a link below, you can save the MP3 file to your computer after it is fully loaded OR just play it through the website. Please accept my gratitude for all the hard work, dedication, and love you have provided for our children. You ARE making a difference.
